

# Project Manager R&D (m/f/d)

Stadtallendorf - starting now - full time

FAUDI Aviation GmbH is a family-owned, medium-sized company specialized in the filtration of civil and military aviation fuels. Our product portfolio consists of over 850 products distributed in more than 80 countries worldwide. Founded in 1938, FAUDI Aviation is today the leading premium brand that stands for quality, innovation and safety. Behind the brand, teams of both young and experienced employees work on the technological challenges of tomorrow.

## Responsibilities

- Material testing, basic trials, processing of customer samples and the implementation of type approval tests
- Creating specifications (AW, PA, FAN, etc.) to standardize processes
- Preparation of filter elements, prototypes and accessories drawings
- Support technical office and work preparation in the creation of drawings, parts lists and work plans
- Incoming goods inspection

## Qualifications

- You have a degree in mechanical engineering or completed technical apprenticeship and have several years of professional experience in the field of research and development
- You have a good command of spoken and written English
- Confident handling of common MS Office programs (CAD knowledge is an advantage)
- You have a responsible, independent and structured way of working

Our team consists of experts from a wide range of areas - we share a passion for what we do. We support each other, share our know-how and are open to other opinions and new ideas. If you would like to become part of the FAUDI Aviation team and work in a dynamic and international environment, then we would love to hear from you.
